

Media Composer | Symphony Option

Professionally correct color and master projects faster with the Media Composer | Symphony Option. This add-on is included with [Media Composer | Ultimate](#) subscriptions and available as an option for [Media Composer](#) subscriptions and perpetual licenses, expanding your editorial palette with a host of creative tools.

Stylize shots, set a mood, or correct color with advanced and new shape-based color correction tools. And master projects in the highest quality possible, with delivery to multiple formats from a single master source.

FEATURES

- **Full color grading**
Get the look you want with shape-based, advanced, secondary, and relational color tools, plus NaturalMatch.
- **Powerful mastering**
Take your offline online and directly export high-resolution masters.
- **Precision control**

Fine-tune shots with animatable and shape-based color correction, plus support for 4:4:4 HD-RGB processing.

- **Universal Mastering**

Get real-time format and frame-rate conversion on output and playback by adding [Avid Artist | DNxIQ](#) to your workflow.

SYSTEM REQUIREMENTS

- [Avid-qualified Mac or Windows-based computer](#)
- Media Composer or Media Composer | Ultimate subscription, or Media Composer perpetual license
